DEER**

**MULE
DEER**

**BLACK
BEAR**

Smoky River Outfitting located in the Northwestern Region of Alberta, Canada offers moose hunts, elk hunts, mule deer bow hunts, whitetail deer hunts and spring & fall bear hunts.

Whitetail Deer Hunts:

We offer peak of the rut rifle Whitetail hunting in Alberta's famous central farmland region. Bucks will average between 140 and 165. Every one of our set ups are in spots with at least a 160 to 210 whitetail buck working the area.

Moose Hunts:

We offer moose rut hunts, trophy moose rut hunts and archery moose hunts in Northwestern Alberta Canada.

Since 2000 we have taken well over 100 bull moose. We are operating at a 95% moose kill rate

We owe our success to great guides, great hunters and an abundance of big game in the hunting area.

We have excellent combination hunts that are sure to make every big game hunter happy. We pride ourselves on being top-notch guides and putting all of our hunters in prime hunting areas.

Mule Deer Hunts

Our mule deer archery hunts are a bow hunters dream. Every year we get shots or at least stalks on bucks over 200 P&Y. For me this is the most exciting hunt we do, it is always great to see mule deer over 170 and put a stalk on them.

Elk Hunts

If you want an exciting hunting experience and an opportunity to get a big trophy, our elk rut hunt is for you. We offer guaranteed license and a limited amount of elk hunts. The elk we have taken range from 200 to 350 Boone and Crockett points

All of our hunts include:
*6 dull days of hunting
accommodations during hunt
meals during the hunt
trophy fees
guide fees
transportation during the hunt*

Black Bear Hunt:

Spring Bear Hunts are baited hunts with a 2 bear limit. We hunt in a very remote area with no resident hunting pressure.

Fall Bear Hunts are spot & stalk only for rifle or bow hunters.

HUNTING AREA & LODGING

Our lodge consists of six bedrooms, dining room, full kitchen and two washrooms. We are located along the Simmonette River on 70 acres of private land. It is one of the only pieces of private land in a zone approximately 100 miles by 150 miles of big bush country. This is one of the best hunting zones in Alberta with lots of species to hunt.
